SENSATIONALLY  
SUCCESSFUL IN ITS  
FIRST YEAR!

★PINK PEACE. H.T. (Meilland.) Plant Pat. 1759. Now on the market for one year, Pink Peace has more than lived up to the great expectations we had for it—so much so, in fact, that we are rather amazed! The country's gardeners took to this rich pink beauty with overwhelming enthusiasm (you will, too!). Let's see why. Pink Peace is an enormously vigorous plant which grows tall and upright, its strong canes bearing a profusion of rich green leaves. Each stem holds a giant flower, each with 60 to 65 large, firm petals. The color? Truly beautiful! Totally fetching! A solid pink that does not fade! What a glorious contrast the huge blossoms make with the deep green of the lovely foliage! Pink Peace has an extra touch of beauty, too, in that each petal is delicately outlined by the merest touch of lighter color, adding a sort of frame to this picture of pink beauty. Such

ONCE GREAT—ALWAYS GREAT!

blooms come in continuous fashion, giving you many, many flowers over the long season. The picture gives you an idea of the fat bud and the cupped form of this nonpareil in pink. And hear this! With so many fine attributes, Pink Peace is also strongly, delightfully, deliciously fragrant! A great rose! \$3 ea.; 3 or more, \$2.65 ea.

PINK PEACE—winner of Gold Medals at Rome and Geneva, and First Certificates at Madrid, Lyons and Paris

Golden  
Girl

the bright new rose on our cover

*A Happy Discovery for 1960's Gardens*

★GOLDEN GIRL. Grandiflora. (Meilland.) Plant Pat. App. For. Look where you will. Try as you might. *You will not find anywhere a yellow rose to equal this splendid new beauty!* It grows in the Grandiflora style . . . many beautifully formed flowers coming on a tall, rugged bush. You get flowers—flowers—flowers—each a clear, bright, solid yellow, each a delightfully shaped “thing of beauty.” They come in good size—4½ inches across. With its great freedom of bloom and of growth, its fine substance and color, its nice touch of perfume, Golden Girl answers the need of millions who have been hoping for an outstanding new yellow rose. The plant is exceptional, too, for it is bushy, upright, well branched and vigorous. From its roots to the topmost shapely bud, Golden Girl's quality is exceptional—a fact which was recognized and commented upon last summer by the many commercial growers and nurserymen who visited our fields of roses. These experts took a fancy to it, and so will you when once you have a plant or two to call your own. \$3 ea.; 3 or more, \$2.65 ea.

# SARABANDE

## All-America Winner for 1960

★SARABANDE. Floribunda.  
(Meilland.) Plant Pat. 1761.  
How brilliant can a rose be?

Take a look at this All-America champ in the fields here some time; better still—plant a few in your own garden, and then you'll know! And when you know, you'll marvel, for in all the world of roses, none catches the eye quicker than this wonderful, iridescent, orient-red beauty. Clear-toned as a bell and clamoring for your attention, Sarabande has reason to draw attention to itself . . . the bright red color . . . the wonderful yellow stamens . . . the low, compact bush covered with flowers . . . their long-lasting quality. Dense foliage, vigor, clusters of 12 to 15-petaled blooms. We think it's great—and so do the rose judges. See Sarabande's awards below. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

## GARDEN PARTY

### All-America Winner for 1960

★GARDEN PARTY. H.T. (Swim.) Plant Pat. 1814. Upholding the tradition of its parents, Peace and Charlotte Armstrong, this splendid rose also captured an All-America Award. Its big, finely sculptured blooms are a combination of soft pastels . . . rich ivory in the center giving way to creamy tones and finally to a flush of apple-blossom-pink. Garden Party has 25 to 30 enormous flaring petals, and blooms come in rapid succession on a tall, strong, vigorous plant. Handsome foliage adds to the attractiveness of the bush. You'll be charmed by the beautiful bud and the full richness of the open flower. \$3.50 ea.; 3 or more, \$3.10 ea.

# TORCH SONG

Unusual New Color  
in a Hybrid Tea

©

★TORCH SONG

★TORCH SONG. H.T. (Meiland.) Plant Pat. 1760. The smoky flame of Torch Song sets it apart where color is concerned in a Hybrid Tea. Different, unusual, interesting and full of red-hot-poker vitality, here is a rose personality which has in a short year won a following among rose enthusiasts. The rich vermillion bud opens to stunning blood-orange-red—the kind that can't be missed in any garden. 35 to 45 petals make up the flower, which curls outward loosely and beautifully. Many blooms come on a well-branched bush, which grows vigorously to medium height. Individual flowers are held on long stems, making Torch Song a good rose for cutting. There's an appeal about this one that makes you love it immediately. But—you'll have to see it! \$2.50 ea.; 3 or more, \$2.20 ea.

Peace

the all-time  
wonder rose

★PEACE. H.T. (Meiland.) Plant Pat.

591. If all the words of praise written about this rose were placed end to end, they would stretch around the world, just as has its fame. Millions of gardeners know Peace and love it . . . the world's most appreciated rose. It holds this enviable position by virtue of its exceptional quality . . . exceptional beauty . . . exceptional size and form . . . exceptional strength and vigor. The plant and the flower are RICHNESS PERSONIFIED and in capital letters. Peace is as satisfying as a breath of spring, and as dependable as the day is long. If anyone who reads this does not have Peace in his garden, he has missed something worthwhile in life. But while there's life, there's hope for him. Maybe he'll make this year his year to make amends to himself! \$2.50 ea.; 3 or more, \$2.20 ea.

©

★WHITE KNIGHT

## TAPESTRY the Rose of many colors

★TAPESTRY. H.T. (Fisher.) Plant Pat. 1812. A hard-to-believe fantasy when you read about Tapestry . . . an amazing fact when you see it in real life! Imagine flame, yellow and copper tones mingling and mixing with each other without rhyme or reason . . . imagine the gayest of "crazy-quilt" roses. That's Tapestry! No two blooms alike, but all beautiful. Large, 35 to 40-petaled flowers. Vigorous, low-growing bush produces lots of them. The picture gives only a hint of its real attractiveness. Oh, yes! It's perfumed! \$3 ea.; 3 or more, \$2.65 ea.

## WHITE KNIGHT All-America Champion for 1958

★WHITE KNIGHT (Message). H.T. (Meilland.) Plant Pat. 1359. *No other white Hybrid Tea rose has ever won the distinction of being an All-America Selection!* This makes White Knight unique—the finest of its kind! The 5-inch flower is exquisitely made. It opens from long buds, its large petals curling outward gracefully. And look at these qualities . . . non-fading pure color, satiny texture, free-blooming, long-lasting. The plant, too, is outstanding, growing with vigor to 3 feet and producing fine foliage. Hardiness and disease resistance are attributes as well. White Knight's splendid flowers come on long, strong stems continuously and make fine cutting. They last and last in the vase and in the garden. Since every garden needs a fine white Hybrid Tea, every garden needs White Knight. \$3 ea.; 3 or more, \$2.65 ea.

## The Cheerful SUNLIGHT

★SUNLIGHT. H.T. (Meilland.) Plant Pat. 1576. Here is a large, 43 to 48-petaled yellow rose with a happy cheerfulness about it that has made a good many friends glad they have it in their gardens. You'll like it, for Sunlight IS beautiful. The fine bud opens to a bloom that's all gold but first exhibits a fascinating combination of Chinese yellow lightly washed with Mandarin red. From one to three of these flowers come to the stem, and always in free-blooming style. The plant, too, has virtues. It grows tall, in good proportion and with vigor; it has healthy foliage; it's good looking. So fine a rose needs only one more quality to make it special—and that is fragrance. Sunlight has it in a light but memorable way. This is one of the better, newer yellow roses—very worthwhile. \$2.50 ea.; 3 or more, \$2.20 ea.

**It's safe and easy  
to order by mail  
from Star Roses**

## The Lovely (Kordes) **PERFECTA**

★PERFECTA. H.T. (Kordes.) Plant Pat. 1604. A pink-and-cream wonder! A delightful blending of pink or rose-red and cream in a big, delicious-looking flower which is high centered, well formed, graceful. These fine blooms come one to the stem and make excellent cutting. The plant is very vigorous and has rich, heavy foliage and strong canes. It grows to middle height in the sturdiest manner imaginable. There is a delicate but intriguing scent which is always a very desirable characteristic in beautiful roses. An outstanding rose with plenty of personality, Perfecta is relatively new in this country, and if you don't have it now is the time to become acquainted. You'll enjoy the experience for a long time to come. \$3.50 ea.; 3 or more, \$3.10 ea.

## The Beautiful CONFIDENCE

★**CONFIDENCE.** H.T. (Meiland.) Plant Pat. 1192. Was there ever a more delightful rose than Confidence with its soft, delicate blending of pastel pink and peach? And isn't MAGNIFICENT the word for those huge, high-centered blooms? You can have blooms just like them next June. Confidence is wonderfully graceful, its big, substantial, flaring petals (28 to 38 in number) forming an exquisitely beautiful blossom. This is a pleasure to behold—also a pleasure to smell. The plant is tall and stately in appearance—broad, upright, well proportioned. You can cut the flowers, and if you like to compete in rose shows you can go far with Confidence. It has won many honors—many friends, too. \$2.50 ea.; 3 or more, \$2.20 ea.

## *The rich, rich* CHRYSLER IMPERIAL

★**CHRYSLER IMPERIAL.** H.T. (Lammerts.) Plant Pat. 1167. One of the great roses of our times and an All-America Winner of true distinction. The gorgeous red of Chrysler Imperial is as red as red can be—stirring in its beauty and richness. Such a red, seen in the enormous, solid and shapely flower, is almost fabulous in its eye appeal, ranking alone in garden colors. Consider Chrysler Imperial's form for a moment—that plump promise in the splendid bud which is fulfilled in the generosity—the opulence—of the open flower. It takes 40 to 50 enormous petals to make up that great wealth of blossom. You get these wonderful blooms one to a stem which, of course, makes Chrysler Imperial a perfect rose to be cut for the house. The flowers are long lasting. And now we come to a quality in this rose which more than lives up to the flower—a fragrance that is marvelously rich and enticing. As to the plant itself, it is vigorous and sturdy, reaching middle height and having foliage in keeping with the general splendor of Chrysler Imperial's color and form. Without question, here is a rose which will grow in your garden and in your favor year after year. \$2.50 ea.; 3 or more, \$2.20 ea.

# STAR ROSES...Unexcelled in Beauty

★LADY ELGIN

## 4 Great Roses—4 Fine Colors

★BLANCHE MALLERIN  
★LADY ELGIN  
★LOWELL THOMAS  
★ROYAL VELVET

Save \$1.30    Only **\$7.95**

ORDER OFFER 8

★LADY ELGIN. H.T. (Meiland.) Plant Pat. 1469. Like a sunburst, this brilliant beauty is a real dazzler, its red-gold coloring drawing your eye and compelling you to gaze in wonder. Its rich apricot and orange blooms—so huge and handsome—are made up of from 35 to 48 large, firm petals and they come on long stems like bright torches. They seem to glint in the sun. The brightness of Lady Elgin remains so, refusing to tarnish and giving you its full beauty throughout its life. Both bud and bloom are admirably formed. The sturdy character of the bush is, you might say, almost Amazonian, for Lady Elgin grows tall, beautifully upright and with fine vigor. It decks itself with lustrous, green foliage, enriching the total effect and adding to your pleasure. If all this is not enough to picture perfection for you in a rose, the quality of Lady Elgin's fragrance should do so. This is pleasing—not overpowering, but pleasing. Fifth Avenue quality, not dime store. \$2.50 ea.; 3 or more, \$2.20 ea.

©

★BLANCHE MALLERIN

★BLANCHE MALLERIN. H.T. (Mallerin.) Plant Pat. 594. Noted for long, shapely buds and substantial blooms, this fine white rose has a long record of giving satisfaction. The 35 to 40-petaled flower is beautifully high centered, opening in the most graceful manner. Coming profusely on the bush and one to the stem, these blooms provide wonderful bouquets right there in the garden, and, of course, for the house, too. They are nicely perfumed, making an otherwise fine white rose better still. The vigorous plant grows in fine, upright fashion to middle height. A rose garden is not quite as good as it can be if it has no white rose to serve as a foil and contrast for the other colors. Blanche Mallerin fills that need perfectly. It would be difficult to find a better one at the price. \$2 ea.; 3 or more, \$1.75 ea.

and Quality

© ★ROYAL VELVET

★**LOWELL THOMAS.** H.T. (Mallerin.) Plant Pat. 595. An All-America of solid quality and fine reputation—the much-admired, deep yellow rose with rich, unfading color—that's Lowell Thomas in a nutshell. Finely modeled, 4-inch blooms come on a vigorous, upright, substantial plant. Strong stems hold them erect and with pride. You'll enjoy the quality of cheerfulness which is so characteristic of this deep, deep yellow beauty. \$2.25 ea.; 3 or more, \$2 ea.

★**CHARLES MALLERIN.** H.T. (Meilland.) Plant Pat. 933. *FLASH!* You'll get exquisitely perfect, big, black-red blooms from this one . . . the kind that wins at Rose Shows. Not as many as you'd like, but sheer delight. And fragrant! Tall, vigorous bush. \$2.50 ea.; 3 or more, \$2.20 ea.

★CHARLES MALLERIN

**NEW!**  
**ROYAL VELVET**

★**ROYAL VELVET.** H.T. (Meilland.) Plant Pat. App. For. The brilliant ruby-red beauty of this whopping newcomer is eye-popping. The blooms are enormous—heavy—solid—and every inch of them seems to be made of rich red velvet. Row on row of thick petals, from 55 to 65 of them, form the magnificent, massive flower whose color holds richly red throughout its life. In fact, this color does not "blue" or fade as the season progresses, as does that of some red roses. If this rose has a fault, it is its generosity—the flower being so substantial that it tends sometimes, especially when wet with rain, to bend forward a little. On the other hand, this lets you see the full glory of the bloom almost head on! Royal Velvet is tall, has strong canes and very good foliage. It grows vigorously and bears the splendid blossoms freely. You'll find a good deal of garden pleasure in this red, red beauty. \$2.50 ea.; 3 or more, \$2.20 ea.

★SYMPHONIE. H.T. (Meilland.) Plant Pat. 958. The deep, lively, glowing pink of Symphonie and its huge size in both bud and bloom are what make this rose popular. Flowers come in succession, each of 25 to 35 large petals, on a big, sturdy plant. The fragrance is very pleasing. Symphonie is a Gold Medal winner in England, a heart-winner in every garden. **\$2 ea.; 3 or more, \$1.75 ea.**

★THE DOCTOR. H.T. A fine older rose in satin pink with long, pointed buds and large open flowers. The delicious, non-fading color is very fetching. There is a fragrance of the fresh, old-fashioned kind. You'll want to sniff it again and again. Good plant. **\$1.75 ea.; 3 or more, \$1.55 ea.**

★ANGELS MATEU. H.T. If you would have a nice older favorite in your garden, none would be a better choice than Angels Mateu . . . a lively orangey rose color that's bright and pleasing. Bud and bloom are shapely and distinguished by a nice old-fashioned fragrance. Vigorous plant with good foliage. A good rose in every way. **\$1.75 ea.; 3 or more, \$1.55 ea.**

★LOVE SONG. H.T. (Fisher.) Plant Pat. 1360. One of the best bi-color roses in the world today . . . watermelon-pink with shining yellow reverse as though painted there by the hand of a master artist. Exciting color like this seen in the great size of the full-blown bloom is out of this world! As many as 100 petals have been counted on Love Song! These splendid flowers are fragrant, and they come plentifully on the vigorous, sturdy bush. The foliage is waxy and beautifully green . . . all-in-all, an outstanding rose that is sure to please you. **\$2.50 ea.; 3 or more, \$2.20 ea.**

★THE ALAMO. H.T. (Meilland.) Plant Pat. 1689. Distinguished in name, distinguished in character and beauty—that's The Alamo, the amazing red rose that lasts so long it seems to be painted on the bush! This is an extremely double rose often with more than 100 durable petals forming a shapely, gently rounded flower whose color is an intense cardinal-red. This color in the velvet-textured bloom is nothing short of pure beauty. It holds true to the end. As for plant, The Alamo is ruggedly strong, vigorous, bushy and well branched. Its foliage is abundant and attractive. Its habit is to bloom freely—a quality which gives you all you want of that rich red, long-lasting beauty. Very special! **\$3.50 ea.; 3 or more, \$3.10 ea.**

## STAR ROSES

### The Best Roses for America

THE CONARD-PYLE CO.

West Grove, Penna.

**Every STAR ROSE  
Is Guaranteed to Bloom**

**★SHOW GIRL.** H.T. Plant Pat. 646. Bright, luminous, dark pink that's just as appealing today as when it first faced the spotlight. Wonderful, long, shapely bud opens to exhibition-type bloom. The long stems make good cutting. There's nothing of the prima donna about Show Girl, for the plant is a good one which does well anywhere, producing those fine flowers dependably and easily. Try this older beauty. You won't be disappointed. **\$2.25 ea.; 3 or more, \$2 ea.**

**★RED RADIANCE.** H.T. Beautifully cupped flower of raspberry-red comes very freely on the vigorous, long-lived plant. It has real rose fragrance—the kind you remember. It's a very substantial, dependable and worthwhile rose that's long been a favorite. Similar in shape and size to Radiance (see page 19) but its color is deeper. A good buy. **\$1.50 ea.; 3 or more, \$1.30 ea.**

**★KAISERIN AUGUSTE VIKTORIA.** H.T. Cream-white with faint lemon center in the open flower. Long, shapely buds. Often called the "classic" white. Kaiserin is a fine old rose with old-time appeal, including a nice scent. Depend on it for satisfying flowers and years of garden pleasure. There's a reason why people still ask for it. **\$1.50 ea.; 3 or more, \$1.30 ea.**

**★ETOILE DE HOLLANDE.** H.T. Crimson beauty with much to recommend it. Colorful bud and bloom of excellent form, long cutting stems, rich perfume, outstanding dependability. Very well known, very well liked over the years. Star of Holland is truly delightful. **\$1.50 ea.; 3 or more, \$1.30 ea.**

**★GRANDE DUCHESSE CHARLOTTE.** H.T. Plant Pat. 774. An All-America Winner of some years back, with nicely shaped blooms of copper touched red which open from burnt-carmine buds. Tall, graceful plant. A fine rose. **\$2 ea.; 3 or more, \$1.75 ea.**

**★MRS. PIERRE S. DU PONT.** H.T. Golden yellow with well-formed buds and nice fragrant flowers that come plentifully on a bushy plant. Here is another great old favorite with plenty of charm for modern gardeners. You'd enjoy it, without doubt. **\$1.50 ea.; 3 or more, \$1.30 ea.**

**NONE  
FINER  
ANYWHERE**

**★HELEN TRAUBEL**

**★HELEN TRAUBEL.** H.T. (Swim.) Plant Pat. 1028. Famous everywhere for its magnificent form and the fine quality of its delightful pink and apricot tints which resemble so much the beauty of sea-shell-porcelain. It's a big rose with 27 large petals. The plant, too, is large and vigorous, with long canes and lovely foliage. It produces many flowers. A rose of great charm and personality that will soon become one of your special favorites. **\$2.75 ea.; 3 or more, \$2.40 ea.**

**★MOJAVE.** H.T. (Swim.) Plant Pat. 1176. The flaming coppery red of Mojave is beauty at its most irresistible. The form is excellent in both bud and bloom, and the high-centered open flower exquisite. It is an All-America Winner, of course, which speaks for its quality. The plant is top-notch, being vigorous, tall growing and beautifully foliated. When you add the quality of fragrance which Mojave has, you get a rose that's well-nigh unbeatable any way you look at it. And you WILL look at it! **\$2.75 ea.; 3 or more, \$2.40 ea.**

★TIFFANY. H.T. (Lindquist.) Plant Pat. 1304. Here's a rose whose picture almost lives up to the beauty of the flower itself! No picture ever does, you know, for nothing can equal Nature's own. Tiffany is noted for exquisite form and the wonderful quality of its coloring . . . a clear, soft pink blended with pale gold. 30 to 40 good-sized petals make up the graceful flower. Strong stems hold the profuse blooms. The plant is vigorous, reaches 3 to 4 feet and has plenty of good foliage. Deserves its All-America distinction. \$2.75 ea.; 3 or more, \$2.40 ea.

★EDEN ROSE. H.T. (Meiland.) Plant Pat. 1149. Impressively large, showy, clear pink in vivid tones. It's extraordinarily fragrant. Husky, 3-foot plant holds the massive blooms easily, proudly. Eden Rose has a great reputation in Europe—will win your approval, too. \$2 ea.; 3 or more, \$1.75 ea.

★PENNSYLVANIAN. H.T. (Ohlhus.) Plant Pat. 936. Big blossoms of apricot-orange tints, long pointed buds, delightful fragrance—all these qualities make Pennsylvanian truly an outstanding rose. Upright, vigorous grower. Many flowers. This taffy-toned Titan is superb in spring and fall. \$2 ea.; 3 or more, \$1.75 ea.

★POINSETTIA. H.T. Brilliant, clear red older favorite that keeps its good color in all weather. Erect, healthy plant bears many blossoms. They're big and beautifully formed. You can depend on this one for plenty of fine roses. \$1.50 ea.; 3 or more, \$1.30 ea.

★PRESIDENT EISENHOWER. H.T. (Hill.) Plant Pat. 1217. This solid red rose has established a fine character for itself . . . a rose with 35 to 40 big, red velvet petals . . . with shapely form . . . with very nice fragrance. The plant is low to medium in height, has good vigor and sturdy, upright canes. The foliage is beautifully dark green. There are plenty of fat buds and handsome flowers. \$2.25 ea.; 3 or more, \$2 ea.

**QUALITY IS YOUR BEST BUY**

★PRESIDENT EISENHOWER

# is a GOOD Rose

★**DR. DEBAT.** H.T. (Meilland.) Plant Pat. 961. Lovely, rich, clear pink rose with exhibition-type blooms. Huge, 5 to 6-inch flowers of fine form. Many flowers come on the tall, vigorous plant. Strong canes, excellent foliage. An outstanding rose and very dependable. Hard to equal for size, color and form. \$2.25 ea.; 3 or more, \$2 ea.

★**MIRANDY.** H.T. (Lammerts.) Plant Pat. 632. Famous for its great size, wonderful form and entrancing crimson to deep wine coloring. All this plus strong, delightful fragrance won an All-America Award for Mirandy. The strong plant delivers these big, 50-petaled flowers all the time. Popular because it's top-notch all the way. \$2.25 ea.; 3 or more, \$2 ea.

**STAR ROSES**  
WEST GROVE, PA.

★MIRANDY

★**TALISMAN.** H.T. Here's a rose with a great name that people just can't forget. They keep on asking for it, and we keep on growing it. It's an old rose—and one of the most colorful you ever saw—a rich rose and orange combination that's gaiety itself. In the spring and fall, Talisman does its very best; in the heat of summer, the blooms are sometimes a bit floppy, but Talisman's devotees don't seem to mind. They still love it. Perhaps you will, too. \$1.50 ea.; 3 or more, \$1.30 ea.

★**SUTTER'S GOLD.** H.T. (Swim.) Plant Pat. 885. Another All-America beauty whose quality can't be denied! Golden blooms touched with flushes of copper, pink or vermillion—a very rich coloring—are borne on straight, almost thornless stems. The bush is tall and well proportioned, with bright, glossy leaves. The intense fragrance of the nicely formed flowers is a delight. \$2.25 ea.; 3 or more, \$2 ea.

**ORDER OFFER 15**

The popularity of our "Best Roses" offer has grown by leaps and bounds since we first listed it here a few seasons ago. As we see it, the reason must be fairly obvious . . . it's a good buy! Here are 9 of the finest roses chosen from our nearly 100 varieties to give you a balanced collection for your garden. Each in itself is beautiful — each has outstanding growing characteristics—and together they form an unbeatable combination of color harmonies in roses. And since each is a famous Star Rose, you enjoy unexcelled quality. You cannot buy better plants anywhere!

★SUZON LOTTHE

★NOCTURNE

★NEW YORKER. H.T. Plant Pat. 823. Brilliant, beautiful, red rose with plenty of sparkle and personality. The big, bouncy blooms are often enormous, always fragrant. They come plentifully on the vigorous bush, which does well even in semi-shade. Long stems make them good for cutting. New Yorker is a very reliable performer. You'll like it! **\$2.50 ea.; 3 or more, \$2.20 ea.**

★SUZON LOTTHE. H.T. (Meilland.) Plant Pat. 934. Something of a rarity where coloring is concerned . . . pearl-pink with satin-smooth texture. Fine form, wonderful fragrance, heavy-caned plant—all make this a truly lovely rose. **\$2 ea.; 3 or more, \$1.75 ea.**

★GRAND'MERE JENNY. H.T. (Meilland.) Plant Pat. 1148. Pink, peach and yellow blend—a delightful combination of pastel colors. Open blooms are a good 4½ inches across and have 25 to 30 outcurling petals. A very graceful rose. Upright, medium height grower. **\$2 ea.; 3 or more, \$1.75 ea.**

★MME. COCHET-COCHET. H.T. Free-blooming salmon-pink beauty long admired in Europe and the U. S. A. Excellent form and a honey-like perfume. Buds are coppery pink. Tall grower with good foliage. A winner of the Bagatelle Gold Medal in France. One of the nicest of the older roses. **\$1.75 ea.; 3 or more, \$1.55 ea.**

★CRIMSON GLORY. H.T. The famous deep red with the magnificent form and pleasing scent. You get many of these gorgeous flowers from the free-blooming bush. A low grower just right for the front row. Crimson Glory is dependable and a great giver of garden satisfaction. **\$1.75 ea.; 3 or more, \$1.55 ea.**

★TEXAS CENTENNIAL. H.T. Brilliant red blooms turn to salmon-pink in the fully open stage of this reliable old-timer. Strong, upright stems hold the plentiful flowers. The plant grows tall and has nice form. A handsome addition to any rose garden. **\$1.50 ea.; 3 or more, \$1.30 ea.**

★NOCTURNE. H.T. (Swim.) Plant Pat. 713. A former All-America Winner with long, pointed buds and huge, well-formed flowers in deep red. They're richly fragrant, and they hold their beautiful color even in summer heat. The plant is tall and grows well anywhere. Of course, once a winner, always a top-notch rose; and with Nocturne, you will enjoy much pleasure. **\$2.25 ea.; 3 or more, \$2 ea.**

## FANTAN (Very Unusual)

The first Tan Rose!

★FANTAN. H.T. (Meilland.) Plant Pat. App. For. An extraordinary rose because it's unlike anything yet produced for your garden pleasure . . . beautiful, exotic, totally different! The soft, yet lively tan coloring you think of as belonging to a South Seas island belle comes to mind when you see Fantan—a rosy tan that's rich and exciting. Some people see it as a "Chinese coral" and even as "burnt orange"; but regardless of how you look at Fantan, and whether or not you like it, you will not be able to pass it by without comment. The flowers are cupped in form and have from 40 to 50 petals making up a good, 3 1/2-inch beauty. Adding asset to asset, Fantan is fragrant in a truly pleasant degree. The plant grows to medium height and bears plenty of blooms. Its vigor is good, and its appearance shapely. You must see this dusky belle in person, of course, for no picture equals its natural beauty. Then judge whether you're a Fantan fan—or not. Chances are, you will be! \$3 ea.; 3 or more, \$2.65 ea.

ROSES FOR AMERICA

## TRY OUR FAMOUS

ALL THESE FINE ROSES—PLUS  
CRIMSON GLORY, ECLIPSE and MME. COCHET/COCHET  
(See Page 17) 13 IN ALL!

★BETTY UPRICHARD. H.T. Large blooms of pearly pink and long, pointed buds are delightful. Spicily fragrant in a good, old-fashioned way. A fine rose among the older kinds and still good today. \$1.50 ea.; 3 or more, \$1.30 ea.

★PRESIDENT HERBERT HOOVER. H.T. Wonderful combination of scarlet, cerise, yellow and flame. Large, fragrant blooms. Tall, handsome plant with erect stems. Very dependable. \$1.50 ea.; 3 or more, \$1.30 ea.

★MME. HENRI GUILLOT. H.T. Completely beautiful form, enticing fragrance and lovely color distinguish this long-time favorite. Rosy-flame colors change to a satiny, showy, deep watermelon-pink in the open bloom. Lustrous, rich-looking foliage adds to the effect. Here is a thoroughly delightful rose which has pleased thousands and will please you. \$1.75 ea.; 3 or more, \$1.55 ea.

★GOOD NEWS. H.T. Peach-toned blooms with 60 petals open from lovely coppery-pink buds. The flowers are big and shapely, delightfully fragrant, altogether satisfying. A vigorous plant rounds out the picture of Good News, a quality rose with a good deal to recommend it. \$2 ea.; 3 or more, \$1.75 ea.

★CHRISTOPHER STONE. H.T. Well-liked scarlet-crimson rose which becomes deep red in the fall. It blooms continuously and has a fine, old-time perfume. There is a rich quality about its coloring. You'll like it. \$1.50 ea.; 3 or more, \$1.30 ea.

★CONDESA DE SASTAGO. H.T. This bright bi-color of gay yellow and rose-scarlet is a fascinating combination of eye-pleasing colors. Many, many flowers. Sweetly fragrant. Fine, healthy plant which is vigorous and dependable. \$1.50 ea.; 3 or more, \$1.30 ea.

★SOEUR THERESE. H.T. Beautifully formed flowers in a delectable kind of buttercup-yellow come in candelabras on sturdy stems. One of the best and most delightful of the older yellows which will satisfy you in every way. Lots of people ask for this one. \$1.50 ea.; 3 or more, \$1.30 ea.

★CHARLOTTE ARMSTRONG. H.T. Rose-red All-America Winner with exceptionally long, slender buds and well-formed, open blooms which have a fascinating glowing quality. The vigorous plant produces them plentifully, holding them erect on long stems. Fine for cutting, naturally. Charlotte Armstrong is well known and appreciated wherever roses are grown. You'll enjoy this splendid winner, too. \$2 ea.; 3 or more, \$1.75 ea.

★DUQUESA DE PENARANDA. H.T. Tremendously fetching tones of copper-apricot or deep peach are perfectly stunning in this good rose. Its appeal is strong to all with an eye for beauty. The upright plant bears the flowers freely—a fine sight to see. Substantial flowers, good growth habit, dependability—these are other qualities. \$1.50 ea.; 3 or more, \$1.30 ea.

★RADIANCE. H.T. This is the cameo-pink rose, which has for so many years ranked high with people who love roses. It has many blooms, each a big, firm, cupped beauty. Lovely form, lovely coloring, delicious fragrance—these combine in Radiance to give you today the same satisfaction thousands of people have had in the past. You can rely on Radiance for vigorous growth, too, and fine foliage. \$1.50 ea.; 3 or more, \$1.30 ea.

★LAVENDER GIRL

## FIRE KING

All-America  
for 1960

See back cover  
for full  
description

## ★ Lavender Girl

★LAVENDER GIRL. (Meilland.) Plant Pat. 1672. *Pretty special!* "Sensational," it seems, is one word we'll have to apply to this rose; and another is "unique!" This is the only lavender rose which holds its rich color even in summer heat! Low-growing, compact bush produces the flowers generously—each a 35 to 42-petaled, 3½-inch beauty. This wonderful rose is fragrant, too, and has long cutting stems. *Pretty special!* \$5 ea.; 3, \$4.25 ea.

★IVORY FASHION. Plant Pat. 1688. All-America for 1959. Long, slender buds open to 4-inch flowers that come with from 5 to 10 to a cane. Fine ivory flowers are well formed and have a strong Tea rose fragrance. They come successively on a 2½-foot plant which has dark green foliage. \$2.75 ea.; 3 or more, \$2.40 ea.; 25 or more, \$2.15 ea.

★CIRCUS. Plant Pat. 1382. All-America for 1956. Gaiety is the word for Circus . . . a mixture of red, yellow, pink and orange colors. The 40-petaled blooms have nice form and come in plenty on an upright, sturdy, medium-height plant. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★CIRCUS

"A man I know was telling of an experience he'd had."

WEST GROVE, PENNSYLVANIA

Spring, 1960

*Dear Friend:*

A man I know was telling of an experience he'd had. He said, "It was a hot July day and several of us on the farm had just unloaded the hay wagon. This was before the days of mechanical balers and we had to pitch the loose hay up into the loft by pitchfork. As we finished, the big, burly farmhand who had been working in the hottest, dustiest

part of the loft climbed down the ladder to the barn floor, his back to us. Then, sweating and limp with the heat, he turned and faced us. We stared in horror, for his face was blue, and we thought that he was about to drop from an apoplectic stroke. Suddenly he whipped from his hip pocket a large, blue bandanna and mopped his face with it. We saw at once how his face had become blue, and that what had appeared to be a fatal stroke coming on was no more than the dye from the blue bandanna. We were, of course, relieved and all had a good laugh about it. Never before or since has there been brought home to me more forcefully the truth of that old saying 'Appearances may be deceiving.' "

As my acquaintance finished his story, a dozen similar instances of that truism came to my mind; and I have no doubt that your own experience has already provided you with some good samples, too. We all know how easy it is to jump to an erroneous conclusion. Many people do so to their sorrow, as in the case of those who are gulled and taken in by the fancy package which conceals the flaw in the product inside it. It is surely never wise to be "sold" on the package; and always best to know the product and the reputation of its maker.

In selling roses, we believe that the plant is the important thing, and that the function of the box is to carry that plant to you safely and in prime condition. We use no gold or silver trappings no gayly designed and alluring trimmings as a sales "gimmick." Our policy has been, is and will be to put the value where it belongs . . . not in the package . . . but inside it! You need be a Star Rose customer only once to know the truth of this.

With best wishes for your pleasure in roses, I am

Sincerely,

*S. B. Luton*  
President

NONE FINER ANYWHERE

THE CONARD-PYLE CO.

P. S. Two of our new Floribunda introductions this spring are All-America Winners Fire King and Sarabande. They're worth your consideration. So, too, are Golden Girl, the splendid new yellow Grandiflora on our cover, and Royal Velvet, a rich, ruby-red Hybrid Tea.

# STAR ROSE

YOU CAN RELY ON THE STAR ROSE BRAND  
OF GARDEN MATERIALS

Star Rose Dust and Star Rose Spray are now better than ever! We have made them the best all-purpose Rose and garden protective materials available today by adding Karathane and Malathion to our formula and by increasing the Fermate content; thus living up to our promise to you to provide the most up-to-date and most effective materials it is possible to use.

## ★ NEW STAR ROSE DUST

Protects against most insects and diseases. Use it thinly for top protection, safety and economy all season. Now contains all these effective elements—Aramite, Fermate, Lindane, Sulphur, Karathane and Malathion! It's good! We use it! We know! You can rely on it. Lb. \$1.35; 4 lbs. \$4.45; 25-lb. can \$19.95, ppd.

## ★ NEW STAR ROSE SPRAY

This new do-it-all spray contains the same new and highly effective ingredients as Star Rose Dust. 1 pound makes 10 gallons of solution. Gives you the most complete plant protection possible in a single spray. Economical, easy and safe to use. Includes 3 insecticides and 3 fungicides! Fully proved right here at Star Roses. Lb. \$2.85; 4 lbs. \$8.75, ppd.

OFFER 41: 1 Hudson Admiral Duster (see next page) and 4 lbs. Star Rose Dust, ppd. **\$6.65**

OFFER 41A: 1 Critic Sprayer (see next page) and 1 lb. Star Rose Spray, ppd. **\$4.75**

OFFER 41B: 1 Booster Sprayer (see next page) and 4 lbs. Star Rose Spray, for large gardens, ppd. **\$16.95**

**Star Roses**  
WEST GROVE, PA.

## WHICH IS BETTER—DUST OR SPRAY?

It's really six of one and half a dozen of the other. Both give effective protection. Dusting is quicker because you can keep your duster full for ready use after a rain. Spraying, on the other hand, is a bit more economical of materials because none of it blows away, and you can put it just where you want it. Many people use both, keeping a duster handy for the quick application, and the sprayer for the more leisurely and perhaps the more thorough application. Personal preference will dictate your choice, but in either case, your roses will be well protected with Star Rose Dust or Star Rose Spray. Remember that it isn't necessary to deluge your plants; a little goes a long way—whether you dust or spray.

## ★ STAR ROSE FERTILIZER

You get a bag of quality when you buy this balanced plant food . . . a rose fertilizer developed out of long experience in knowing what roses like. Contains organic and inorganic material, available nitrogen, phosphorus and potash in 7-7-7 analysis, as well as important minor minerals. We believe this fertilizer is better for roses, mums and other flowers, lawns, vegetable gardens and wherever you need to give plants a balanced diet. Use it when you plant your roses and for regular feeding thereafter. Star Rose Fertilizer has proved its worth to expert and amateur alike. 5 lbs. \$1.25; 10 lbs. \$2.25; 25 lbs. \$3.95, ppd.

## SPEED FEED WITH ★ STAR ROSE GROW

Do your plants need quick nourishment? Give them a taste of this fast-acting soluble fertilizer which is instantly available for their needs. It's ideal as a starter solution in transplanting. Use it also for leaf feeding of roses . . . especially to perk up old starved plants. Essential minerals and chelated iron have been added to a basic formula which includes nitrogen 15%, available phosphoric acid 30%, and potash 15%, to give you a life-saving, pep-feed material that's effective in a hurry. 2 to 4 teaspoonsfuls make a gallon of solution. Can't be beat! Lb. \$1.25, ppd.

THE STAR ROSE LABEL—YOUR ASSURANCE OF QUALITY

# Quality GARDEN SUPPLIES

## ORDER THIS USEFUL BOOK

garden design. A "Question and Answer" section in itself is almost worth the small cost of the book. Size: 6 $\frac{1}{2}$  inches by 9 $\frac{1}{4}$ . Price: 75c ppd.

### HUDSON ADMIRAL DUSTER

A duster that costs little but does a good, efficient job. Even flow of dust particles through nozzle in this improved model. Plunger is self-lubricating, easy working. Long extension tube with swivel head carries dust where you want it—high up, low down, on top and underneath. Easily loaded through large fill opening. \$2.95, ppd.

### BOOSTER COMPRESSION TANK SPRAYER

Big capacity 3 $\frac{1}{2}$  gallon, galvanized steel sprayer with welded seams and Saf-T-Lok seal handles any home garden spraying job with ease. Brass pump and spray tube. Throw a solid stream into a tree or fog your roses with simple exchange of spray discs. Takes any spraying material. Lasts years with reasonable care. A sturdy bit of equipment that's an excellent buy in the medium priced field. \$9.95, ppd.

### PLAS-TIES

Here is the newest, and we think best, plant tie made today. It's waterproof—strong—easy to use—and re-usable. Each package contains 60 7-inch Plas-ties; the popular spool or roll holds 50 feet (you cut the length you want). Prices: 7-inch package, 29c; 50-foot roll, 69c ppd.

OFFER 42: 3 7-inch packages: **80c ppd.**

OFFER 42A: 3 50-foot rolls: **\$1.95 ppd.**

### HANDY WIRE LABEL STAKES

Made just for us, these wire label stakes are just the thing you need to identify your roses. Stick them into the ground beside your plants, and suspend the name tag from them. Sturdy, 18-inch, galvanized wire for long-lasting use. Keep your rose beds neat and prevent loss of name tag. The low cost to you of these label stakes makes them a practical necessity. Can be used, of course, to identify all other plants in your garden. A very useful item. **35c per doz.;** **120 (10 doz.) only \$3. ppd.** Note: the Star Rose Tags are provided with your Star Rose plants.

*Be sure to order these durable stakes!*

### PROFESSIONAL PRUNER

The kind the experts use—the right tool for the job. Cuts clean because it's made of the finest drop-forged steel—with hone-edged blades that keep their cutting ability for a long time. Easy hand grip; adjustable nut for perfect alignment. A really solid, rugged, long-lasting pruning instrument. **\$3.50, ppd.**

*This is a must for every gardener!*

### HUDSON CRITIC SPRAYER

This sprayer is all right for the gardener with only a few roses to care for—but over the long run and for more efficiency and durability we recommend the Booster Compression Tank Sprayer at the left. The Critic is handy, though. Has brass screw cap and plastic syphon tube with glass jar to hold spray. Brass nozzle. Continuous action pump. **\$2.95 ppd.**

### GOAT SKIN GARDEN GLOVES

Wonderful for garden work. Soft, durable leather protects hands against thorns and rough handling. Not bulky! Sizes for women, small, medium, large; for men, medium and large. **\$1.65 per pair;** **3 pairs \$4.45, ppd.** State size wanted.

### FLORALIFE

Now more effective than ever! Makes cut flowers last twice as long in the vase! Five new chemicals in new formula work wonders. One can of Floralife powder makes 100 quarts of solution—enough for plenty of cut-flower bouquets. **\$3, ppd.**

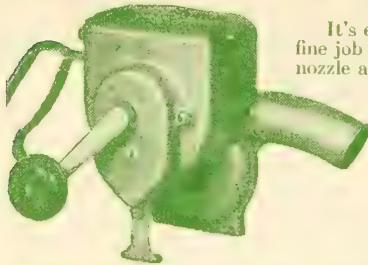

### PHALTAN FOR BLACKSPOT

This is the new blackspot control that everybody's talking about. 6-ounce can makes 30 gallons of spray. 75% wettable powder. Very effective. **\$1.98 ppd.**

### ACTI-DIONE FOR MILDEW

New formula. Controls mildew effectively. 5-ounce package makes 10 gallons of spray. **\$1.95 ppd.**

# NEW ROTARY DUSTER . . . Handiest, Easiest-to-Use We've Ever Seen!

It's easy to get enthusiastic about this little gem of a duster because it does such a fine job so quickly, so easily, so efficiently! You just lift the lid, fill with dust, aim the nozzle and turn the smooth-working handle. One filling with Star Rose Dust will care for 50 or more rose plants. The stream of dust will reach plants as far away from you as 8 feet. Before listing this item in our catalog, we had our own gardeners try it. They liked it so much, they didn't want to give it up! Here are some of the reasons why they think it's so terrific for you—the home rose gardener. It's light in weight. Made of aluminum, it weighs only a fraction more than one pound. Compare this with your present duster. IT'S STRONG. Built so well and of strong material, this mighty mite is designed to last a lifetime. It's easy to handle. The comfortable pistol grip and the light weight let you do your dusting more easily than ever. The handle turns smoothly and with little effort on your part because of the powerful gears which do the work. It's convenient. No other duster that we know of is as handy as this one—to fill it is simple and quick—nothing to unscrew. It is always ready—and able—to do its job. When you think that this duster is built to last, and that it is so easy and efficient to use, you wish someone had told you about it before. Here's your chance to own one now. Only \$8.95 ppd.

**OFFER 43:** Rotary Duster and 4 pounds of Star Rose Dust

PLUS 15-inch aluminum nozzle extension  
FREE (worth 75c)

ONLY \$11.95 ppd.

## NEW PLANTS from Star Roses for 1960

The fascination of things new leads us all to fresh interests in life, and adds to the wealth of everyday living. In the wonderful world of plants, new varieties help to stimulate in us a better realization of Nature's dominion and how it can make our lives happier. As we see a new plant for the first time, we cannot help but wonder at the infinite variety of plant life and beauty. Here at Star Roses, we are always excited when we can provide for our customers new kinds of Roses, Mums or other plants. We work to that end in the realization that service to you includes a progressive attitude. Our own pleasure is, of course, two-fold; for we enjoy first the discovery and testing of the new varieties (we search the world for them),

and secondly, the introduction of them for your consideration and pleasure. When you agree with us that a new plant is truly worth the introduction, then our sense of accomplishment and contribution makes us feel good. This is one of the rewards of working with plants. Below we are really happy to list our new offerings for 1960 gardeners. Among the roses are three All-America Winners for this year—Sarabande, Fire King and Garden Party—a new and very fine Grandiflora, and a new Hybrid Tea with rare beauty. All three of our new Mum varieties this year are All-America Winners. Elsewhere in this catalog, all these new plants are pictured and described. Here, we merely bring them to your notice.

### NEW STAR ROSES

★**FIRE KING.** An All-America Winner for 1960, this Floribunda combines flashing beauty with long-lasting quality to give you plenty of pleasure. It was originated by the great French hybridizer, Meilland. See it on pages 20 and 40.

★**SARABANDE.** Also an All-America Winner for 1960 and another Floribunda, this one comes to your garden with a long list of medals and awards already won in European countries—5 of them! It, too, is a Meilland creation. See it on pages 3 and 21.

**GOLDEN GIRL.** We think this is the best yellow Grandiflora ever created! It's a Meilland rose, and has many exceptional qualities. Read all about it on page 2, but first take a long look at Golden Girl's beauty on the cover. It also appears on page 24.

★**ROYAL VELVET.** Still another Meilland rose—this time a gorgeous, big ruby-red Hybrid Tea. It's on page 9. The bloom is almost beyond belief in this color. The picture only approximates it.

★**GARDEN PARTY.** Another All-America Winner for 1960—this time the proud creation of Herbert Swim, the American hybridizer. On page 3, you will see it—and like it; for it is beautiful as well as a fine grower.

### THE NEW ALL-AMERICA MUMS

The winners for 1960 in the All-America Mum competition are exceptionally fine in every way; and together with those which took honors last year and the year before offer you an outstanding collection of beautiful colors for fall appreciation in your garden. All are shown and described on pages 36 and 37. The winners for 1960 are:

★**HEADLINER** . . . unusual terra-cotta bronze buds and walnut-coral blooms—large-flowered Mum beauty that won't fail to please you. Plenty of wonderful cutting from this fine new Mum.

★**MARDI GRAS** . . . huge 4 to 4½-inch flowers in a medley of bright reddish orange, bronze and yellow tones. As gay a personality as its name implies, one you'll want if you enjoy rich fall colors.

★**PINK CHERUB** . . . small, neat, globular flowers in light purplish pink and stronger purplish center. Masses of them on the bush make a wonderful sight. Very weather resistant.

*Don't miss these wonderful new plants!*

**THE CONARD-PYLE CO.**

West Grove, Penna.

YOUR  
ATTENTION  
PLEASE!

Would you like to do a favor for a friend? Give us his name and address. It may be that he would like to have one of our catalogs. We will gladly send one. On your order blank, there is a space provided for your convenience. We thank you for your kindness.

## HYBRID TEAS

This is the kind of rose many people refer to as a "monthly" rose because it has flowers every month in season. It's also the kind you see in florists' shops . . . large, shapely buds and blooms on long stems. It is the standby—the favorite kind—in the garden.

## FLORIBUNDAS

With this type of rose, you get many flowers usually in clusters. They are smaller than the H. T. but give more color especially when several are planted together. They make fine hedging and border plants, and when massed are strikingly colorful all season.

## GRANDIFLORAS

This relatively new class combines the size and flower form of the H. T. and the abundance of flowers of the Floribunda. They are vigorous growers and are usually big, tall plants . . . 3 to 5 feet. Often flowers come in clusters on stems which can be cut.

## There are 6 different types of everblooming Star Roses

### CLIMBERS

Climbers throw out long shoots or canes which can be trained over trellises or other supports. Some kinds always have flowers; others repeat their blooming. All when flowering provide magnificent masses of color. Some have Hybrid Tea-like flowers, large and well formed. Use them as screens and for backgrounds. Many provide good cut blooms.

### MINIATURE ROSES

These are like the big roses in all respects except in size. Flowers are about an inch across, and grow on plants from 8 inches to 12 inches high. They're hardy and do well outdoors. Under proper conditions, they can be grown indoors, too. Good for borders, edging, miniature gardens, flower boxes. Blooms make fine corsages, place decorations and personal adornment.

### TREE ROSES

Free-blooming, bushy heads of Tree Roses grow on trunks 3 feet or so above the ground. The flower is that of whatever variety is budded to the trunk root system, making infinite possibilities. They make fine accent or background plants. The trunk itself is strong and straight and about an inch in diameter.

# You're Welcome to Visit Our Rose Fields and Garden Marts

From July to October at West Grove, thousands of people visit our rose fields . . . a breathtaking sight worth coming miles to see. Millions of rose blooms present the most colorful picture imaginable, and the formal rose garden and the famous Living Catalog of Star Roses offer their share of beauty, too. You are cordially invited to come and enjoy this beauty. Walk or drive through the fields; picnic in our attractive grove; take back with you memories of a rewarding day.

Our Garden Marts are located as follows: **GARDEN MART No. 1** is one mile off U. S. Route 1 at West Grove (at our greenhouses). Come here to buy plants for all spring planting. Open 10 A.M. to 6 P.M. Sunday and every day during spring planting season; other seasons, 10 A.M. to 4 P.M.

**GARDEN MART No. 2** is on U. S. Route 1, 3 miles southwest of West Grove. Come here to see the roses in bloom. Open from late spring to mid-fall, 10 A.M. to 6 P.M. daily.

## JOIN THE AMERICAN ROSE SOCIETY

or give a membership for a gift. This lively society is the largest single-flower society in America and gives its members many benefits, including a monthly magazine and a 250-page, illustrated Annual. Send us \$5.50 for a year's membership and we will see that you are enrolled.

## WHAT THIS SIGN MEANS

This mark indicates an "All-America Rose Selections" winner: the most valued award a Rose can receive in America. Roses entered in the All-America contest are grown in test plots located in all different climatic regions and judged for two years before introduction. Standards for awards are terrifically high, and you can trust these winners to do especially well in all respects and in all areas.

## WHY IT'S BEST TO BUY DIRECT FROM THE GROWER

It goes without saying that the freshest and healthiest plants are most likely to be had directly from the grower. The grower has his own roots down (we've been on this land more than 60 years and expect to stay for another 60); and he has a reputation to uphold. Therefore, to buy from him is your assurance of complete satisfaction. You know you can place your confidence in him.

**PRICES IN THIS CATALOG apply until the end of Spring Planting Season. No C.O.D.'s**

**PLEASE ADD 35c HANDLING CHARGE IF ORDER IS LESS THAN \$10.**

that tells you at a glance just how deep the bulb should be for best results. We have prepared this Planting Guide as a service to our customers. You will find it useful.

## FREE PLANTING GUIDE WITH EVERY ORDER!

Our new 16-page booklet is a helpful and simple guide to Rose planting and culture—a handy and practical aid that gives the answers you're looking for. It describes and pictures the 10 easy steps to successful Rose growing, from unpacking the Roses to enjoying them in your garden. Contains information on pruning, spraying, dusting. Also gives you facts about planting and growing perennials. You will find a very helpful planting depth diagram for fall bulbs.

## CATALOG NOTES

Please note that all "3-for" and group offer prices apply ONLY when plants are shipped together to one address. In the group offers, we reserve the right to substitute when necessary with kinds of equal or greater value. Substitutions are made only with other good, catalog varieties, so you run no risk and are sure to get more than your money's worth every time. Orders received before varieties are sold out will, of course, get the kinds listed in the offer. We cannot make changes in special offers on request. Please do not ask it.

Roses in this catalog are classed as of medium height in American Rose Society lists, unless otherwise mentioned.

Blooming dates for Chrysanthemums, and other data, in this catalog are based on experience at West Grove, in southern Pennsylvania. Mums bloom earlier in the north, since length of daylight is their controlling factor; Roses and most other plants start blooming earlier in the south.

## POTTED ROSES

Potted Roses may be picked up at our Garden Marts any time after May 7th. Prices are slightly higher than for dormant Roses, which are available prior to that time. We do not ship Potted Roses and no offers, combinations or quantity prices are given.

# More of the Best FLORIBUNDAS

★**BETTY PRIOR.** Imagine red dogwood blossoms and you'll have an idea of Betty Prior color, shape and size. A great favorite, this one has a firm hold on the affections of those who know it. Vigorous, 3½-foot bush makes a good shrub. **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

★**FLORADORA.** A former All-America Winner with geranium-red flowers of 50 petals which come on an upright, 3-foot  plant. There are plenty of them on the bush and they last a long time. Very well known for many years and liked for its all-around quality. **\$1.50 ea.; 3 or more, \$1.30 ea.; 25 or more, \$1.20 ea.**

★**FRENSHAM.** The American Rose Society awarded this one its Gold Medal. Fine, deep crimson color is beautifully exhibited in the nicely formed bud and bloom. The vigorous plant provides a continuous supply of flowers. It grows well anywhere, reaching 3 feet in height. Has good, bushy appearance. **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

★**PINOCCHIO.** "Sweetheart" type in form, with lovely pink blooms of 30 petals. The bush is always bearing them, so that you always have plenty of nice, clear-toned flowers. Pinocchio grows low—about 2 feet—and thus makes a fine rose for the front row or for borders. **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

★**GOLD CUP.** Plant Pat. 1683. An All-America Winner for 1958. It's an unfading yellow with 3 to 3½-inch flowers  that come in clusters. They have nice form and pleasing fragrance. The plant is a 2½-footer that is vigorous. The picture gives you an idea of the solid quality of both bud and bloom. Gold Cup keeps renewing itself by sending up strong basal shoots. It's a fine rose in every way. **\$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.**

★FUSILIER

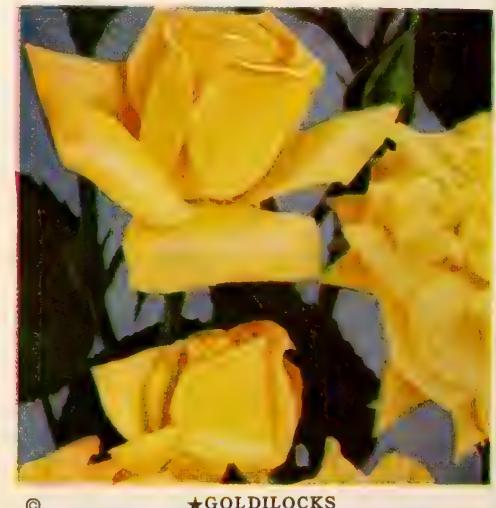

Star Everblooming Floribundas are wonderful plants that give you an abundance of colorful flowers over a long season, and for many years to come. Our list this spring is headed by our two new All-America Winners—Fire King and Sarabande. Also included are the world's finest kinds . . . the All-Americas, the better older favorites, the big-name varieties. They give you a splendid range to choose from. The word "Floribunda," you know, means "many flowers"—and this is the main difference between this kind of rose and the Hybrid Tea or the Grandiflora. Floribunda flowers are smaller than either of the other two kinds, but they come in much greater quantity. This means that you get masses of color on the plant. The flowers, appearing in clusters as a rule, present eye-catching splashes of color wherever you want special effects in your garden. For the most appealing of such effects, plant Floribundas in groups of three or more; or in rows where you want a low hedge or border planting. Most of the Floribundas have stems long enough for good cutting, and you will have plenty of flowers for the house.

★WHITE BOUQUET. Plant Pat. 1415. All-America Winner for 1957, White Bouquet's 2-foot plant produces clusters of lovely white blooms, as well as individual ones, each flower being nearly 4 inches across. Note the nice form of bud and bloom in the picture. The plant is graceful and vigorous and because it is a relatively low grower makes a very good border or edging. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★THE SWEETHEART ROSE (Cecile Brunner). We just had to bring this one back to the marketplace because so many people asked for it. It's a famous old rose—the one to which other roses are likened when referred to as "sweetheart type" roses. The long buds and small, double flowers are pink on a yellow ground. They come freely and are fragrant. The bush is low-growing and shrub-like. You'll like it. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

# PICK PLENTY

## Star Floribunda Roses

ALL STAR  
FLORIBUNDAS  
ARE EVERBLOOMING

★IRENE OF DENMARK. Plant Pat. 889. The clear, frosty whiteness of this fine "sweetheart" rose is a "thing of beauty," indeed! Originated by the famous hybridizers of Floribundas, the Poulsens of Denmark, this outstanding white is a graceful, vigorous, hardy plant that produces a great many of these pure, delightful flowers. The flower is fragrant, about 3 inches across and has 40 petals. Foliage is dark. Irene of Denmark is an upright, bushy grower. **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

© ★IRENE OF DENMARK

★SUMATRA. Plant Pat. 1572. A signal-red beauty which comes profusely on a fine, good-looking plant of middle height. The flower is large and colorful; the foliage is a lively green. Sumatra has excellent growth habit. This is one of the brightest in recent years. **\$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.**

★RED FAVORITE. Plant Pat. 1189. A very deep red with long-lasting blooms, and plenty of them always on the plant. The bush is sturdy and vigorous. The foliage is dark, leathery and glossy. Flowers are about 2½ inches across and lightly fragrant. **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

★SPARTAN. Plant Pat. 1357. Beautiful coral blooms open from rosy scarlet buds. Flowers are 3 to 3½ inches across and have excellent form. You'll get whole clusters of them all season long. The plant is strong, vigorous and hardy. The heavy-petaled flowers are fragrant. **\$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.**

★FASHION. Plant Pat. 789. An older All-America Award Winner and a splendid rose still!  Fashion is a coral-peach delight :: many flowers coming on a 3-foot bush over a long season. The plant is vigorous, has rich foliage and is disease-resistant. You'll get a great deal of pleasure from it. **\$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.**

★GOLDILOCKS. Plant Pat. 672. Fine, 3-inch flowers of bright, solid gold distinguish this good, older Floribunda. They come continuously on a bushy, 2½-foot plant. Dense foliage adds to the attractiveness of the bush, which is a mighty cheerful sight loaded with all those golden flowers. **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

# COLORFUL STAR

## Big, Beautiful, New Kind

★ STARFIRE

★ **STARFIRE.** (Lammerts.) Plant Pat. 1742. All-America Winner for 1959, a bright, bright Grandiflora rose in currant-red, with tremendous appeal to your sense of beauty. This dazzler doesn't fade in the summer sun, maintaining its clear color throughout the season. The buds are urn shaped and open to nicely shaped blooms. These come in gorgeous clusters, as well as singly on the stem. The 6 to 12-inch stems make cutting for bouquets easy. You'll want to gather them often. Starfire's bush is a tall one, often reaching 5 feet in height. The foliage, a glossy bronze-green, is attractive and plentiful. It is easy to see why Starfire is an All-American! Being tall and with such bright blooms, it is naturally a center of attraction wherever you plant it. It will probably be a long time before another Grandiflora comes along with all the glamor and sparkle of this color. \$3 ea.; 3 or more, \$2.65 ea.

# GRANDIFLORAS

## of Roses . . . TRY THEM!

★**MONTEZUMA.** Plant Pat. 1383. Perhaps as much as any other, this one typifies the Grandiflora with its wonderful Hybrid Tea-like blooms and its plentiful supply of them. Brilliant rosy salmon flowers come on long, strong stems, each a high-centered, 40-petaled beauty. Tall, 3 to 5-foot plant is vigorous and has good growth habit. Very satisfying! \$2.75 ea.; 3 or more, \$2.40 ea.

★**BUCCANEER.** Plant Pat. 1119. Long, sleek buds open to 30-petaled blooms of rich yellow, with solid substance. They come on the plant plentifully and have a sweet fragrance. Buccaneer grows tall—to 5 feet—and has dark foliage and a well-proportioned appearance. Sunny and cheerful. Buccaneer is one of the most popular of the Grandifloras. \$2.50 ea.; 3 or more, \$2.20 ea.

★**QUEEN ELIZABETH.** (Lammerts.) Plant Pat. 1259. An All-America Winner—the first Grandiflora to achieve that eminence. Beautifully clear pink blooms come in candelabras on 6 to 12-inch stems. Vigorous plant provides them plentifully. Grows to 4 feet in height and exhibits fine foliage. The flowers are beautifully formed and totally fetching. Good for cutting. \$2.50 ea.; 3 or more, \$2.20 ea.

★**CARROUSEL.** Plant Pat. 1066. The deep garnet-red of this one is in lovely contrast with the other Grandiflora colors. It's rich, vibrant, exciting. The blooms are big and come individually as well as in candelabras. The 3-foot plant bears them profusely. Growing sturdily and in good bushy style, the plant is solid looking. You'll enjoy having such a colorful and substantial rose as this one in your garden. \$2 ea.; 3 or more, \$1.75 ea.

The relatively new class of roses called Grandifloras is superbly represented by the six outstanding beauties in our list—among them the great new Golden Girl. These roses have blossoms like the Hybrid Teas, large and well formed; and they come profusely on the plant, as Floribundas do. Usually, too, the Grandiflora plant is tall rather than low growing. With all the wealth with which they grow, Grandifloras give far more than their money's worth to the gardener.

# THESE STAR Will Give You All Summer

STAR EVERBLOOMING CLIMBERS are the most prolific bloom producers imaginable . . . each one giving you cascades of lovely flowers season after season. They have blooms on them most of the time. These are very versatile roses with many uses; among them, to screen out unsightly spots, to beautify bare walls of house or garage, to provide masses of color where you want it. You can train them on poles, trellises, fences; and wherever you put them, you have color and beauty. You'll get most bloom from them if you remove spent flower heads. Never prune away the first-year canes, because Climbers produce flowers on old wood. Do prune away dead canes, or canes which are spreading out of bounds. Have you a spot that needs one of these outstanding rose plants? We have a collection of the best of them for you to choose from.

★SPECTACULAR. (Everblooming) Plant Pat. 1416. The orange-red brilliance of Spectacular is an eye-filling sight! Each stem holds from 3 to 4 blooms and the plant is loaded with them. The canes grow to 10 feet quickly, bearing glossy foliage and adding to the sparkle and beauty of this splendid Climber. A vivid performer that will give plenty of satisfaction. \$2.50 ea.; 3 or more, \$2.20 ea.

★GLADIATOR. (Everblooming) Plant Pat. 1524. A lovely, light red Climbing rose distinguished by blooms that are large, double and fragrant. You'll get them all season long and in abundance. Tall-growing canes make a substantial plant with lots of good foliage. The attractive flowers need to be seen to be appreciated. Gladiator is impressively vigorous. \$2.75 ea.; 3 or more, \$2.40 ea.

★MORNING DAWN. (Everblooming) Plant Pat. 1447. Here's a real beauty in soft pink. The flowers are 5 inches across and have beautiful form and delightful fragrance. They come on stems long enough for good cutting, and are always in evidence. Morning Dawn has tremendous appeal both as a flower and as a plant—an appeal which will make you glad that you planted it. Why not try one? \$2.50 ea.; 3 or more, \$2.20 ea.

★RED EMPRESS. (Everblooming) Plant Pat. 1573. Bright red flowers against a rich green background—this is breath-taking beauty! Red Empress blooms are big, Hybrid Tea-like flowers that come thickly on the strong, vigorous plant. The blossoms are strongly fragrant and the plant sturdily handsome—a combination of beauty, aroma and character that's hard to beat. You can cut these flowers with ease, and you will get some of them the very first year. That's exceptional! We usually sell out of Red Empress early. \$2.50 ea.; 3 or more, \$2.20 ea.

## Plant Star Climbers

★CL. PEACE. (Repeat Blooming) Plant Pat. 932. This is the same famous Peace rose growing as a Climber. The flowers are big, fat, well-formed, golden yellow beauties with the loveliest of pink-edged petals. They are produced on a most vigorous plant that has long, fast-growing, pliant canes. The bush repeats its blooming all summer long. An interesting thing about Climbing Peace is that the longer it lives, the more flowers it produces. It is truly an exceptional Climber with remarkable strength and vigor, and wonderful beauty. People write to tell us how good it is. \$2.25 ea.; 3 or more, \$2 ea.

★CL. CRIMSON GLORY. (Repeat Blooming) Plant Pat. 736. This is always a best seller with us because of the marvelous flowers—rich deep crimson, well-formed beauties with the most delightful fragrance. Just like those of the famous Hybrid Tea, they are big, bouncy and completely captivating. The bush has clean, healthy foliage which makes an ideal backdrop for the crimson beauty of the blossoms. Climbing Crimson Glory will not fail to win your approval, for it is dependable as well as beautiful. That is why it has remained so popular. \$2.50 ea.; 3 or more, \$2.20 ea.

★NEW DAWN. (Repeat Blooming) The lovely flower below gives you an idea of what's in store for you when you see New Dawn's June bloom . . . beauty that is sheer delight! The long, 12 to 15-foot canes stretch over a large area, covering it with blush-pink flowers. They are well formed and good to look at . . . they are fragrant, an attribute which makes the place you plant the rose entrancingly inviting. You will pick these flowers by the score, for the stems are long enough for cutting. After the lush June blooming, New Dawn repeats freely. A delightful rose. \$1.75 ea.; 3 or more, \$1.55 ea.

★NEW DAWN

## for Cascades of Color

★CL. TALISMAN. (Repeat Blooming) Like the Hybrid Tea of the same name, this Climber produces blooms of mingled orange, yellow and red—a beautiful combination of delightful colors. The flowers are fragrant and have much of that old-fashioned flavor which never seems to wear out its popularity. You'll have plenty of color, pleasure and satisfaction with this one. The plant produces the flowers in repeat-blooming fashion so that you always have some bloom after the big flowering during June. **\$1.50 ea.; 3 or more, \$1.30 ea.**

★PAUL'S SCARLET CLIMBER. The fine scarlet blooms of this old favorite do not fade, but remain bright and beautiful all the way. Coming in blazing clusters in June, the colorful flowers load the bush, providing a marvelous show that is next to impossible to describe. You'll have to see it! If you want to dress up even the dullest garden spot, Paul's Scarlet Climber will do it right. That's why this old-timer is still seen everywhere you go. Its June show is tremendous! Plenty of pleasure with this one. **\$1.50 ea.; 3 or more, \$1.30 ea.**

★WHITE DAWN. (Repeat Blooming) Long recognized as the best of the white Climbers, White Dawn has large flowers which come on the bush in plenty in spring and again in fall. It's a strong, vigorous grower which sends out long canes in a hurry. Over the years, White Dawn has built up a splendid reputation for reliability—one which you can depend on today. Its good white flowers produced in quantity, its eagerness to grow, its trustworthiness, give it an unchallenged position among white Climbers. Makes a great showing against a red brick house. **\$1.75 ea.; 3 or more, \$1.55 ea.**

## THE FABULOUS FAIRY . . . Shrub Rose that's ALWAYS IN FLOWER!

★THE FAIRY. (Everblooming Shrub Rose.) Here's the answer to your need for an absolutely foolproof shrub rose that has every good quality and no bad ones! Plant it alone and you have a beautiful, 4-foot shrub which bears hundreds of appealing seashell-pink flowers. Plant The Fairy in a row and you have a splendid, colorful hedge. The Fairy grows vigorously and will be just about as broad as it is high. Its foliage is shiny, small and beautifully green, adding an ornamental quality to its appearance. The lovely pink flowers come on the bush in great numbers, and they are there FROM SPRING TO FROST! With most shrub or hedge roses, you know, the bloom comes in May or in June—and that is all! The Fairy is unusual in another way, too . . . it is so vigorous and so hardy that it will flourish anywhere, even in semi-shade. And listen to this! The Fairy needs no special soil preparation and YOU NEVER HAVE TO SPRAY IT! The picture gives you another view of The Fairy's quality . . . the delightful, little flowers make dandy bouquets. You can cut all you want and still leave plenty on the bush. Consider how you might use this unique rose on your place. Do you need a planting along your property line? Do it beautifully with The Fairy! Do you want an unusual planting at the terrace or patio edge? Or around the pool? Do it beautifully with The Fairy! Remember—this exciting plant needs no spraying, no special soil preparation, no attention at all. The Fairy is truly "out of this world!" **\$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.**

Star Rose  
HAVE DELIGHTFUL BLOOMS

### Fascinating Star Miniature Tree Roses

These are exceptionally worthwhile garden plants . . . unusual, interesting, beautiful. Introduced only a few seasons ago, they have become popular with those who know them. The trunk is only a foot high. It holds the tree-like branches, foliage and blooms in nice, well-formed, symmetrical style. The flowers are just like those of the Miniature Roses shown on these two pages. In the picture below you can see the relative sizes of the Miniature Tree, the Miniature Rose and the garden glove and shears. The Miniature

Tree Rose illustrated is Midget. The other kinds available for spring planting are Baby Gold Star, Bo-Peep, Cinderella, Red Imp, Sweet Fairy and Tinker Bell, all of which are pictured here. All grow just like Midget. These seven varieties give you a fine color range to select from. Please order by name, and give an alternate choice. Supplies of these fascinating Miniature Tree Roses are limited. You'll be very pleased with them . . . they're so decorative, so beautiful, so different. They make ideal accent plants and are certain to be the object of admiring comment from friend and neighbor. \$3.50 ea.; 3 or more, in assorted varieties, \$2.95 ea.

On these two pages, we present for your garden pleasure ten of the best-known Miniature Roses in America—beautiful gems of the rose world, each with a personality of its own. They grow only 8 to 12 inches high. The flowers are no bigger than a quarter or a nickel; the buds like grains of wheat. The leaves, thorns and branches are tiny, too. The entire Miniature Rose is a duplication of its big sister, the garden rose, but on a small scale. It is just as tough and hardy, growing outdoors just like the big ones. You can imagine how wonderful they are for borders and edging along garden paths, driveways, or in rock gardens and window boxes. The blooms make ideal table decorations, corsages and arrangements. We introduced Miniature Roses in America and have grown millions of them. We know they're good . . . we know you'll love them.

ALL MINIATURES, \$1.25 ea.; 3 or more of same variety,  
\$1.10 ea.; 25 or more, \$1 ea.; 50 or more, 90c ea.

★CINDERELLA. Plant Pat. 1051. Dainty white touched with pink. 40 to 60 petals. Well-formed, 1-inch blossom. Long, pointed leaves. A little jewel.

★RED IMP. Plant Pat. 1032. Very popular, deep, unfading crimson. Excellent bud and flower form. Up to 60 petals. Very gay kind of character.

★SWEET FAIRY. Plant Pat. 748. Rich pink that's deep in the bud to apple-blossom in the open flower. 1-inch blooms. Has a delightful fragrance. A wonderful little beauty with lots of charm.

★MIDGET. Deep rose blooms  $\frac{3}{4}$ -inch across open from grain-of-wheat-size buds. Perfect in every detail. Light fragrance adds to Midget's appeal. Note this one as a Miniature Tree Rose.

© ★TOM THUMB

★BABY GOLD STAR. Slightly larger than the others—the only true yellow Miniature. Beautifully formed, golden flowers. Note comparison to finger ring.

★TINKER BELL. Plant Pat. 1293. Bright pink with up to 65 petals.  $1\frac{1}{4}$ -inch bloom. Long-lasting flowers with excellent form. A real delight.

★ROBIN. Plant Pat. 1663. One of the newest. Deep red touched with lighter tones. 60 or more quilled petals, urn-shaped buds,  $1\frac{1}{4}$ -inch flowers. Good!

★BO-PEEP. Plant Pat. 976. Arbutus-pink. Dainty, double blooms. A little charmer with loveliness that must be seen. Makes splendid bouquets. Bo-Peep is very much in demand.

★TOM THUMB. Rich crimson with a touch of white at base of petals. Free-blooming bush produces nicely formed flowers. One of the oldest—and nicest.

★PIXIE. Smallest, fully double, white Miniature. Perfect,  $\frac{3}{4}$ -inch flowers. Note the size compared to the thimble. Can you imagine anything more intriguing than blooms like these?

# DELPHINIUMS

## Like nothing else in the garden world!

Star Delphiniums are great, 6-foot-tall beauties with a very special reason why they're the best you can get. Because we send you young plants from pots which transplant better than older plants from the field, they give you better bloom and last longer in your garden. Plant them in April or May and you'll have magnificent blooms in July and August this year, and better ones still next summer. These pictures show *types* of coloring rather than *exact* color, for the range of shade in each series varies with the plant. When you see the wonderful spikes of bloom produced by these outstanding kinds, you will appreciate more than ever the marvels of Nature!

3 of one variety, \$1.50; 6 for \$2.75; 12 for \$4.95; 24 for \$8.95. For Mixtures, see offers.

## PACIFIC HYBRIDS

**ASTOLAT SERIES.** Beautiful colors range from pale blush through shades of lilac-pink to deep raspberry-rose. Each floret has white to brown and black "bees." The effect is stunning!

**BLUEBIRD SERIES.** The richest shades of blue with white "bees" and long spikes with big florets. The sight of 6-foot spikes in these glorious colors is remarkably rewarding. Completely captivating.

**SUMMER SKIES SERIES.** The blue of summer skies with white "bees" like fleecy clouds. These shades and tones are the loveliest and best in the light blues. Very strong branching habit.

**KING ARTHUR SERIES.** Velvet-textured royal purple florets with white "bees" make a gorgeous show of richness. Long, graceful spikes excellent for cut-flower purposes. This is flower royalty!

**GALAHAD SERIES.** The purity of white on white—pure white florets with white "bees"—makes this one a wonder. Heavy, glistening petals make large, stunning flowers. It is a superb beauty!

**BLUE JAY SERIES.** This is a clear blue, with medium to dark shades and black "bees" to give it that rich, rich look. Note the picture. Imagine this lively, intense coloring in tall, fat spikes! Exciting!

**GUINEVERE SERIES.** Pink-lavender with white "bees" is a combination making one of the most interesting of Delphinium colors. The florets are large and the whole bloom has an out-of-this-world quality that's irresistible.

SHASTA DAISY, MOONLIGHT

SHASTA DAISY, HORACE READ

© SHASTA DAISY, ESTHER READ

## 4 Beautiful SHASTA DAISIES

Perfect accent plants for any perennial garden, Shasta Daisies are showy masses of bloom. Plant them to set off the reds and blues and yellows of your other plants. Shastas are hardy, vigorous, wonderful bloomers and fine for cutting. Try them this year.

**SHASTA DAISY, MOONLIGHT.** The golden-hearted Shasta whose large blooms are pure white on the outside and golden at the center. It's long stemmed, last lasting and gives you an abundance of blooms. \$1 ea.; 3 for \$2.75.

**SHASTA DAISY, HORACE READ.** This is the pure white beauty with the big, double, rounded blooms and the dark green foliage. Grows 18 to 24 inches tall on stout, erect stems. It's simply gorgeous! \$1 ea.; 3 for \$2.75.

**SHASTA DAISY, ESTHER READ.** Broad, flat, pure white outer petals form a flower with a tight, compact center. 3 to 4 inches across. Wonderful 1½ to 2-foot plant blooms unceasingly almost all summer. You will certainly like it. 75¢ ea.; 3 for \$2.

**SHASTA DAISY, MARCONI.** A very shaggy, extra-large flower with many rows of petals and a most attractive form. This is a tall grower—up to 3 feet—with loads of fine white flowers. It's too bad we don't have room to show you how nice it is. 75¢ ea.; 3 for \$2.

**LYTHRUM, Morden's Gleam.** Gleaming pink and rose with darker shadings. Blooms continuously on 2½-foot spikes. Does well in sun or part shade.

HEADLINER

On these two pages are the only Chrysanthemums whose names are listed as All-America Winners . . . ten in all, and every one a champion. The three on this page are Winners for 1960; the seven on the right-hand page won the honor in 1959 or in 1958. All have successfully emerged from rigorous competition and been awarded the All-America title. This speaks for their quality, and for the fact that they will do well in your garden. Headliner, Mardi Gras and Pink Cherub appear in our catalog for the first time; and we are happy to present them to you along with the winners of the past two years. They represent the cream of the crop—the finest Mums available in America today. Plant them this spring and be assured of having the most delightful colors in your garden this fall.

### HEADLINER.

Pl. Pat. App. For. Glowing terra-cotta-bronze buds open to vibrant, walnut-coral blooms that often have a haze of gold on petal reverses. These flowers are generously provided by the vigorous bush, which reaches 2 feet in height in erect style. There is a wonderful decorative quality in the flower—a color that is rich and exciting. Its size— $3\frac{1}{2}$  inches and more—makes Headliner memorable, and sprays of such blooms are truly eye-filling. This is a superb Mum, an All-America Winner from bud to the richness of its dark green foliage. \$1.50 ea.; 3 for \$3.75.

**NEW**

## Finest NEW MUMS! ALL All-America WINNERS

**MARDI GRAS.** Pl. Pat. App. For. This All-America Winner for 1960 is very big and very double, with 4 to  $4\frac{1}{2}$ -inch flowers. At first the color is a medley of strong, reddish orange hues. Later they become bright and pleasing tones of bronze and yellow. Always attractive, a mass of many colors from early September until frost. The blooms are very long lasting; the plant is vigorous, upright and compact, growing 1 $\frac{1}{2}$  feet tall and 2 to 2 $\frac{1}{2}$  feet across. The large, healthy foliage, which is a showy medium green, contributes to the beauty of the flowers. This is a splendid new Mum which you will like. \$1.50 ea.; 3 for \$3.75.

**NEW**

**PINK CHERUB.** Pl. Pat. App. For. A neat treat is this charming little All-America newcomer! Its small, 1 to 1 $\frac{1}{2}$ -inch flowers are globes of beauty—light purplish pink on the outside, with a strong reddish purple center. The overall impression, as the picture shows, is a lovely pink. Masses of such blooms are borne in clusters on short, strong stems. The plant itself is low and compact, growing 12 to 16 inches tall. It blooms continuously from early September until frost, and is extremely weather resistant. It's a real beauty worth a spot in anybody's garden. \$1.50 ea.; 3 for \$3.75.

**FLAIR.** Plant Pat. 1874. Lively, rich, fetching shade of lavender that does not fade. Large, 3½-inch flowers are perfectly formed and come plentifully on the generously proportioned bush, which is 18 inches high and 30 inches across. \$1.50 ea.; 3 for \$3.75.

**CRIMSON LADY.** Plant Pat. 1875. Wonderful, very double flowers in brilliant red are firm and neat looking. The low-growing bush—14 to 16 inches high—is covered with them. Compact, shapely plant with fine foliage. Sensationally beautiful! \$1.50 ea.; 3 for \$3.75.

**EMPEROR.** Plant Pat. 1733. Magnificent yellow, a blaze of light from top to bottom. Big, double blooms; vigorous plant. A medium-height grower with large, shapely spread. Makes good cutting. From the bright bronze bud to the gold of the open flower, Emperor is a dazzler! \$1.50 ea.; 3 for \$3.75.

**GIRL FRIEND.** Plant Pat. 1791. This one changes from shell-pink to Venetian pink and then to coral-rose as the weather gets colder. Loaded with 3½-inch blooms on long, 28-inch stems. You'll have these blushing beauties from mid-September on. \$1.50 ea.; 3 for \$3.75.

**SHOWPIECE.** Pl. Pat. App. For. Royal rose heightened by silver-mist touches. Huge flowers are full and shapely. Long, 2 to 2½-foot stems carry them proudly. You'll have fine cutting from late September on, and some of the flowers will be as big as 5 inches across! \$1.50 ea.; 3 for \$3.75.

EMPEROR

**BURNING BRONZE.** Pl. Pat. App. For. Tangerine, bronze, and orange medley of neat, 2½-inch flowers that come freely on a 2½-foot bush. This one glows with vitality and is magnetically appealing. Fine sprays for bouquets. \$1.50 ea.; 3 for \$3.75.

**RUBY KING.** Pl. Pat. App. For. Bright, shining red flowers cover the low-growing bush. 15-inch plant has a spread of up to 18 inches. It's shapely and compact, and thoroughly beautiful. Makes a wonderful display right up to hard frost. \$1.50 ea.; 3 for \$3.75.

YELLOW and ROSE SPOONS

## FANCY FOOTBALL MUMS

Grow them in your own garden successfully, with just a bit of care.

**MAJOR EDWARD BOWES.** Richest of rose-pinks. Outstanding form.

**MRS. H. E. KIDDER.** Big, beautiful ball of yellow gold. Wonderful!

**PINK CHIEF.** Gorgeous rosy pink. Huge bloom. Perfect form. A delight.

**AMBASSADOR.** This is the all-white Football Mum. Mammoth size, a solid bit of perfection in pure white.

## ENCHANTINGLY BEAUTIFUL SPOON MUMS

**ROSE SPOON.** Rose-tipped pink with quill-like petals and golden center.

**WHITE SPOON.** Big, lacy, all-white flower with icicle-like spoons. Dainty.

**YELLOW SPOON.** Many-quilled flower in clear, crisp yellow. Fascinating.

## Large-Flowered MUMS Give You Masses of Bloom!

Wonderful cutting with these big solid blooms. Extra big, 4 to 4½-inch flowers produced in masses on vigorous plants. You must plant them this spring to have wonder-flowers in fall. The 9 described on these two pages are outstanding kinds.

**APACHE.** Many large, double flowers of the most gorgeous red. Long, slim petals. Great vigor.

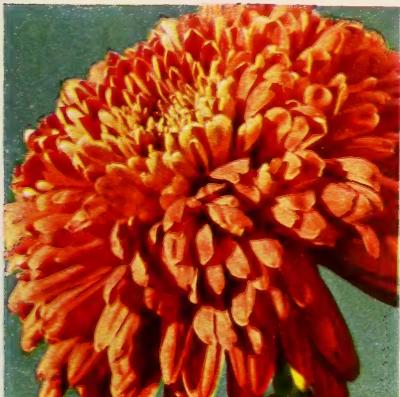

**LEE POWELL.** Soft yellow tones in big flowers that come in profusion.

**CARNIVAL.** Vivid burnt-orange bloom that's big and double. Plenty of bright flowers with this one. Gay and exciting.

★ FIRE KING. Floribunda. (Meilland.) Plant Pat. 1758. Take a look at the beautiful form and the gorgeous color of our new All-America champion! Have you ever seen any color more dazzling or more exciting? The fiery Fire King's vermillion beauty is exhibited in well-shaped, very double blooms that come in clusters and load the bush. Each flower has from 45 to 50 petals and is a good 3 inches across. These are long-lasting blooms, in both vase and garden, and stems are long enough for good cutting. The bush grows upright in fine, lusty style and with rich-looking foliage. It is a tall plant and so attractive that it makes a fine specimen bush or a good medium-height hedge. Fire King is certain to become a favorite quickly, and to remain popular for years. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

Our new catalog for Spring, 1960, comes to you with our best wishes for a pleasant and rewarding new garden season. We present in these pages what we believe to be the very best varieties of Roses, Chrysanthemums and perennials available today. We urge you to give them consideration, for we know as growers that there is high quality in each of our plants, and that you will be delighted with them. Your satisfaction is, after all, most important to us. Without it, we could not have remained in business for so many years. Now in our 63rd year, and on the same fruitful acres, we look forward either to making your acquaintance or to renewing it in 1960. You can order in confidence. Your trust is never misplaced when you deal with Star Roses.
